

# Vlad Korobkov

Product-Focused Full-Stack Developer (Mobile) | TypeScript | Swift

## SUMMARY

Product-focused full-stack developer with 12+ years in software delivery. I build mobile-first products end-to-end: discovery, UX/UI, implementation, launch, and post-launch iteration.

Core focus is iOS and in-house products. In enterprise environments, I deliver scalable interfaces, reliable API integration, and measurable performance gains for production workflows.

## EXPERIENCE

### Full Stack Developer - Solopreneur

*Jun 2023 - Present (2 years 8 months) | Dubai, United Arab Emirates*

- Lead mobile-first product delivery from validation through launch and support.
- Own full execution across scope, UX/UI, frontend, and backend integrations.

### Frontend Developer - AO RTLabs

*Apr 2016 - May 2023 (7 years 2 months) | Moscow, Russia*

- Delivered B2B frontend systems in enterprise ISBL environments.
- Improved UI scalability, API integration quality, and workflow usability.

### C# Developer - Axbit

*Feb 2015 - Mar 2016 (1 year 2 months)*

- Built .NET engineering software for bearing load calculations.
- Earlier roles: Software Engineer at Akelon and EPK Samara.
